US Border Security Summit

~Enhancing Security for Trade, Travel & Commerce~

November 13 & 14, 2013

Mary M Gates Learning Center - Alexandria, VA

Who We Are:

DSI is a premier non-partisan institute designed to assist in advancing the mission critical goals of the United States' Military and Government. Through our high level educational and training summits, conferences, and symposiums we are able to reach across all offices and departments in a fair and balanced manner.

SUMMIT STRATEGIC PARTNER

Border Commerce and Security Council

The Border Commerce and Security Council's is the nation's premier organization for fostering relationships between private sector business leaders and the governments of Canada, Mexico and the United States that will enhance North America's economic health and border security.

Operating Guidelines:

We adhere to the most current operating guidelines for non federal entities: Currently, these stand as:

- 1. Department of Defense, Office of General Council, Standards of Conduct Office: currently, SOCO ADVISORY 09-03: 7.(a)... purposes of JER 3-211 (a)(7)**
- 2. The Office of Government Ethics (OGE), OGE Standards of Ethical Conduct for Employees of the Executive Branch: currently 5 CFR part 2635 and 31 U.S.C. 1353 as it pertains to OGE Standards.**

Attendee General Audience & Responsibilities:

Customs & Border Protection, Citizenship & Immigration, Acquisition, Immigration and Customs International Affairs, Law Enforcement, Air & Marine Operations, Counternarcotics Enforcement, Science & Technology, Intelligence & Analysis, Business Development, Research & Development

Program Design & Goal:

A non-partisan educational and training Summit designed as a "Town Hall" full spectrum view towards improving the efficiency and effectiveness of Defense Information Systems & Business Enterprise System solutions. The forum is created to encourage a real, pragmatic level of discussion and debate amongst all in attendance.

Our goal is to bring together leaders from across the Armed Services & Government Agencies, and the industry and academic leaders that can help them forge many of the solutions necessary to achieve their respective "next -steps". **Actionable take-a-ways for today, tomorrow, and the future will drive the discussions.**

General Subject Matter:

Enhancing Security for Trade, Travel & Commerce:

- *A Mission central approach to supply chain security: creating a unified and sustainable security posture that can assist in facilitating global cargo trade for air/land/sea
- *Enhancing trade facilitation by linking security to business strategy: promoting the lawful cross-border mobility of people and goods, including removing barriers to cross border trade and travel to support jobs and economic growth while balancing perimeter security needs
- *Advancing radio interoperability and tri-national communication systems
- *Partnerships with federal, state, local, tribal, and bi-national law enforcement agencies, as well as with the public and private sector to enhance "Border quality of life"
- *Strengthening joint investigations, information sharing, and science and technology cooperation
